I. Purpose:

To establish policy that defines ancillary services and delivery of those services for pregnant women, women with dependent children, and women attempting to regain custody of children.

II. Policy:

The SCA and contracted providers who deliver services to pregnant women, women with dependent children, and women who are seeking custody of their children shall treat the family as a unit, when appropriate, and provide or arrange for the provision of the following ancillary services:

- 1) Primary medical care for women, including a referral for prenatal care, as well as childcare while the women are receiving medical care
- 2) Primary pediatric care, including immunization, for their children
- 3) Gender-specific substance use treatment and other therapeutic interventions for women which may address issues of relationships, sexual and physical abuse, and parenting, as well as childcare while the women are receiving these services
- 4) Family therapy, nutrition education, and education to GED level
- 5) Therapeutic interventions for the children in the custody of the women receiving treatment services which may address, among other things, the children's developmental needs, issues of sexual and physical abuse, and neglect
- 6) Case management and transportation to ensure those women and their children have access to the services provided in all items listed above

The SCA maintains a resource list that clearly identifies contact information for providers for each service listed above and is attached to this policy.
