York County Office of Emergency Management

CERT training, as defined by the Federal Emergency Management Agency, promotes a partnering effort between emergency services and the people that they serve.

The goal is for qualified CERT instructors to train members of neighborhoods, community organizations, or workplaces in basic response skills. CERT members are then integrated into the emergency response capability for their area.

In the event of a natural or man-made disaster, these individuals would provide assistance to their community if emergency services were delayed in response.

Course Guidelines and Requirements

- Must be 16 years old to participate
- All CERT graduates receive a certificate and a York County CERT backpack full of emergency essentials
- The team member course is 20-22 hours
- The instructor course is 18-20 hours (previous experience required)
- Teams consist of 5-7 people per neighborhood, community or other designated area
- CERT participants get hands-on experience through simulated disasters
- Criminal background check required

York County has numerous certified CERT Instructors and multiple CERT teams throughout the County.

CERT classes are held on the basis of demand.
