The purpose of this publication is to present a consolidated source of information about nursing facilities in York County.

Using this directory is only the first step in making a decision. This directory does not attempt to rate the different nursing homes, but rather presents pertinent information on each facility. After reviewing the information in this directory, you may want to visit a few of the nursing homes that are of interest to you.

Before making a final decision that a family member requires nursing home care, consider all the options available. Community-based services could be an alternative to nursing home placement.
