## DONATED DENTAL SERVICES

Donated Dental Services is a flagship program under the umbrella of the Dental Lifeline Network - a national, humanitarian organization. Donated Dental Services (DDS) program provides free, comprehensive dental treatment to our country's most vulnerable people with disabilities, who are elderly, or medically fragile. These are people who cannot afford necessary treatment and cannot get public aid. Dental insurance is used first, including dental benefits provided through Medicaid. DDS covers extensive dental treatment; it does not cover cleaning and regular checkups.

For additional information contact:

Dental Life Network  
Donated Dental Services (DDS)  
P.O. Box 205  
Newville, PA 17241
