- Other services we may provide include help with irregular periods or no periods, painful periods, painful sex, bleeding between periods, menstrual problems (premenstrual syndrome) or even a lost tampon.

**Women's health services are available during all business hours by appointment.**

**Here's what you need to know in preparation for a women's health visit at this health center:**

- Do not douche, have sex, or put anything in your vagina 24 hours before your pelvic exam. It is best if you are not having your menstrual period for some types of visits. Contact us if you have questions.
- Checkups for gynecological concerns may require a pelvic exam.
- For the testing and treatment of urinary tract infections, we will need to collect a urine sample at the time of your visit.
- For the testing and treatment of vaginal infections, a pelvic exam may be required.
- A Pap test is sometimes needed during a routine checkup.
- Cervical cancer screening requires a pelvic exam and Pap test.

## **Prices and Payment Information**

- Please contact this health center for women's services pricing information.
- Payment is expected at time of service unless other arrangements have been made.
- Some women's services may be covered by your insurance. If you want to use your insurance, please be sure to have your insurance information at the time of your visit.
