

You're Invited to a Community Discussion

Consider the CONVERSATION

If you were seriously ill and unable to speak for yourself, would your family and health care team know what kind of care you would want? Regardless of your age or health condition, it is important to discuss your choices and preferences with family, friends, faith leaders and healthcare providers — before you experience a health crisis.

This program will include video selections that examine end-of-life conversations and care. A panel of local experts will provide additional insights and offer the opportunity for questions and answers. All participants will receive a reference packet with helpful information to start the conversation with loved ones.

LEARN ABOUT

- The importance of advance care planning for all ages
- Emotional, physical and social burdens of dying
- Talking with others about end-of-life wishes

Tuesday, November 15, 2016

7:00 p.m.

York County School of Technology
